## About MarketingProductReview.com

Marketing Product Review is your place to get up to date on the newest products in the market and here what others have to say about it before you buy. You can even see how people rate the products as well to get an idea if it is worth your time and money or not.

We will be allowing vendors a place to tell the world about their new products and services and we will help get it out to the masses. We are not reviewing the products.

In the spirit of Web 2.0 we are allowing the vendors to describe the products and letting the world rate the product so that people can get unbiased ratings and reviews in the comments. This is better than just a one person review.

In order to fund this site and this project, we do promote all vendors products with an affiliate link to our site. We do not necessarily endorse any products. We let the community rate and review the products.

We look forward to reviewing many products for you over the years to come while building an archive of products so that anyone can come here and decide what products are worth buying or avoiding.

FASTER THAN A SPEEDING BULLET...

## Clickbank™ Affiliate Marketing Has Changed Forever!

### Here's How it Works

- Get (10) Videos Each Month
- Produced by Proven Pro
- You Vote on New Videos
- Simply Ad CB ID and Upload
- Send Sales Through the Roof!

Every month, members download 10 videos embedded with their affiliate link to promote 10 of the hottest selling products on Clickbank.

The service was started because all the gurus keep talking about how well video converts - and it's true. But who has the time and energy to make professional videos? So, this service was born.

This service is from Jay Douglas who has been producing video infomercials for years for top Internet marketers like John Delavera, Mike Filsaime, Russell Brunson, Brad Callen, Matt Callen, Jeff Alderson, Michel Fortin, Ryan Deiss, Keith Baxter and dozens more. This means he knows how to create powerful video infomercials that are proven to sell.

Typically, Jay charges his clients \$1275 to produce just one video infomercial. However, you'll be getting (10) powerful video infomercials, total value \$12,750, each and every month.

### \$12,750 Worth of Infomercials Every Month

And that's not inflated hype. It's the price Jay would have charged had the owners of these products approached him to create these infomercials.

Plus, as a member, you can make \$23.50 for each referral who remains a member, month after month after month. The affiliate program will be run through Clickbank so you're assured of accurate accounting and checks delivered every two weeks.

But you must hurry and sign-up. Because there are only 500 membership slots available as we don't want to dilute the market with too many of the same videos.

Think about it. What do you do when you see the same commercial on TV over and over and over? You ignore it, right? So that's why there are only 500 membership slots available. It's a first-come, first-served basis.

By the way, Jay just produced the world's smallest video infomercial. You'll get a kick out of it...

- **A product of your own**
- **Connections to any Internet Marketing "Gurus"**
- **Joint Venture Partners**
- **Your own List**

If you're looking for a way to generate a fortune with your online business... a way that isn't gimmicky and doesn't depend on some flash in the pan scheme or something that's all sizzle and no steak...

Then this letter could very easily change your life.

Maybe you've already tried AdSense, affiliate marketing, mini-sites, ebooks, or one of the many other "Internet Marketing" methods of creating online income...and maybe you're even making some money already.

In fact, you may already be making very good money - as I was when I discovered the secret income stream that I'm about to reveal to you. Or - perhaps you're not quite satisfied with the income your online business is generating?

If you're like a lot of people I talk to, no matter your current level of success, you'd like to diversify your income streams and increase your leverage so that you can generate significantly more money, while spending less time doing it.

You want to create a sustainable, proven online business that grows in value over time. A true asset that allows you to spend time doing the things in life you enjoy and letting your money work for you, instead of the other way around...

A business you could one day pass on to someone else, or even sell for enormous profit.

Yes, these are the dreams of many entrepreneurs just like you...

Lead Supreme 3.0 is the first and only solution that focuses on profiting from true lead generation and automates every step of the process. In just 2 years we have used it to generate over 500,000 leads - at an average of \$XX per lead in profit, that's over \$1.5 million dollars.

And you're about to harness the exact same raw power that generated this online fortune... so that you can begin generating your own.

With Lead Supreme 3 leads are captured, offers made, and deeply profitable lists built... on autopilot, all automatically, so that you can focus on what to do with all your money, rather than try to figure out how to make it.

And please remember...the lists built by Lead Supreme 3.0 are far more profitable than simple "auto responders" by a factor of 10, 20, 30 times, and sometimes more.

AN UNRIVALLED ALL IN ONE TOOL THAT INSTANTLY AUTOMATES YOUR INCOME

## AN UNRIVALLED ALL IN ONE TOOL THAT INSTANTLY AUTOMATES YOUR INCOME

- Join Free in 2 minutes
- Cloak Your Links
- Promote Your New Links
- Build Your Business and Profit Like Never Before

*People from all walks of life contact me every day asking the question, "Mike, How Do I Succeed Online?" There really is no one simple or magic answer, but there are important concepts that every successful person online understands and uses.*

Quite possibly the most important one that I often talk about is leverage. Leverage is when you achieve more doing less, be it from using other peoples time, money and experience, or, using your URL! *What the heck am I talking about?* Read on to see as this is very interesting and worth the few moments it will take you to absorb.

Colin Klinkert and Frank Bauer, both Butterfly Marketing customers of mine and Frank also a member of my i5Gold mentoring program, came up with a brand new site that uses the power of leverage as well as list building.

They have come up with a very clever concept that takes the word leverage and 'smashes it out of the park!' The fundamental's of marketing online is promoting URLs (websites), be it your own sites or affiliate sites. Instead of promoting a site and if the user doesn't want to take your offer or stay on the site, losing that visitor, now you can leverage ALL your traffic to ensure that you get the rewards you deserve.

[ViralURL](http://ViralURL) also takes the other vital parts of Internet Marketing and combines it to work for you on Auto-Pilot! A ViralBar is added to your pages (you can choose where it will be added, top or bottom) with your affiliate link embedded!

The ViralBar opens in a new window to ensure that you don't lose the visitor from the page you are promoting, whilst allowing you the ability to grow a huge opt-in mailing list! As members join this free site, they are offered an amazing one-time offer that provides fantastic features and benefits ensuring that it converts highly which means money in your pocket.

Free members can build their mailing list 5 levels deep, earn a ViralBar ad display every 2 times somebody looks at their web pages and earn up to 40% commissions.

Gold members can build their mailing list 7 levels deep, earn a ViralBar ad display every time somebody looks at their web pages, earn up to 60% commissions, advertise on top of the emails of free members and email 30,000 random members every month.

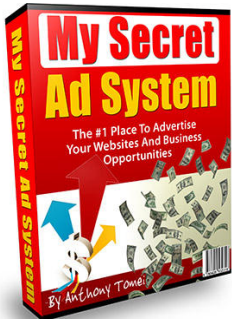

Can you see how powerful it is to use this system? I can. The very least you should do is to get a hold of the free membership. And when you do, take the Gold membership into serious consideration...

In other words... You will be able to leverage the visitors that utilize the site by them sharing it with others and in return they bring in more leads and more visitors to your main site!
